**ROUTE 609 BRIDGE SUPERSTRUCTURE REPLACEMENT COMPLETED AHEAD
OF SCHEDULE IN SOUTHAMPTON COUNTY**
Popes Station Road open to traffic as of Feb. 9

SOUTHAMPTON COUNTY – As of Feb. 9, a portion of Route 609 (Popes Station Road) in Southampton County has reopened to traffic following the completion of a superstructure replacement at the bridge over Buckhorn Swamp, located between Route 58 (Southampton Parkway) and Route 652 (Buckhorn Quarter Road).

Virginia Department of Transportation (VDOT) crews installed new steel beams and a timber bridge deck to extend the life of the current structure originally built in 1978.

Construction began Jan. 23 and was completed several weeks ahead of schedule.
